Welcome to Moi and our drinks list

We are proud to work with small-scale producers and suppliers who share our commitment to low intervention, sustainable, organic and biodynamic practices.

We apply this ethos to our wines, sake and spirits and every bottle here is chosen not just for it's quality, but for the story it tells – of soil, climate, and the wonderful people who bring it to life.

We look forward to sharing these stories with you and encourage you to dig through and discover something new. Do let us know if you have any questions.
